

Friday 14th June 2024
1.30pm - 4.30pm

FUNDAMENTALS OF EP **PART 1**

**Part 2 will be held
27th September
at 1.30pm**

This webinar is aimed at...

Cardiac Physiologists and Cardiology Registrars/Fellows in Electrophysiology training, who wish to gain knowledge interpreting SVTs by understanding basic intervals and responses to pacing maneuvers.

Be the detective, work through real life case studies step by step and have your vote on what the arrhythmia mechanism is!

FREE for BHRS Members
